clones	NEXS-1336	[CNY LoC] - Capture Residential Addr...	To Do
--------	-----------	---	-------

Epic Link:

Line of Credit (LoC) - HK USD - Online Loan Application

Description

As the Data Processing Unit (DPU), I would like to capture the Residential Address for Passport for FP USD LoC

So that send the data to the Lender for approval of the loan request

Pre-Condition:

1. The <Residential Address> has been added for CNY LoC in [NEXS-1175](#) & NEXS-1177 , and now extend for FP USD LoC

2. The user has submitted the Business Information Page for T1 & T2 & T3 - 1st Application Journey
3. The user has submitted the Business Information Page for Increase Limit Journey (underwritten limit >\$500k)

Acceptance Criteria (AC):

AC1 C1 T1 & T2 & T3 - 1st Application Journey - ID Document Type

Given <Passport> is added in <ID Document Type>

When the user select <Passport> for each

All directors / >=25% UBOs in the Personal information page

Then the Residential Address will be displayed and mandatory

AC2 Increase Limit Journey (underwritten limit >\$500k){} - Residential Address

Given <Passport> is added in <ID Document Type>

When the user is requested to choose <ID Document Type> for each

of the spouses of each Director >=25% UBO in the Personal information page

Then the Residential Address will be displayed and mandatory

AC3 Send Residential Address to the Lender

Given the user input Residential Address for Passport in AC1 & AC2

When the application send to the Lender

Then the Residential Address should be sent to Lender

Below ACs follow the existing built

AC4 Residential Address Format & Length

Data Type	Format	Field Length
Country/Region	Country (Single) - refer to Nationality list	N/A
Address Line 1	Free Text	100
Address Line 2 (Optional)	Free Text	100
City (Optional)	Free Text	50
Postal Code (Optional)	Free Text	20

AC5 Submitting W/O Residential Address

Given the Residential Address is mandatory

When the user attempt to submit the page

Then the user receive an error message indicating that <This field can't be left blank>

And the empty box will be highlighted

And the user receive <the section is not yet completed> marked for corresponding individual at the top of page with a hyperlink

And the user can click on the hyperlink to go directly to that specific section

[NEXS-1363] [FP USD LoC] - Extend ID Document Type to Include the Upload of Passport Created: 22/Apr/26 Updated: 22/Apr/26
